

# Join the Friend Historical Society!

## Who we are:

The Friend Historical Society's mission is to restore, maintain and sustain the Historic Warren Building in an effort to enhance the quality of life in rural Nebraska. Equipped with state of art technology, it will appeal to businesses and organizations from a large area while providing social gatherings, education and history of the area and community.

## Why join?

This restoration is made possible through fundraising events, donations and FHS memberships. Members of the Friend Historical Society are key participants in the preserving the history of our community and securing its future through projects such as the Warren Building and Opera House. Be an active part of that through membership and keep up to date on events and updates!

## Membership Special!

We currently have a half-year membership special June 1st— December 1st. Join the FHS and help support our mission and community at a reduced membership price of \$25! (New members only)
